

Theodoli Crime Syndicate

The Theodoli family are a powerful and very evil bloodline of the Black Nobility involved with the Vatican and Papal States. They intermarried with the Roman-German Braschi family creating the Theodoli-Braschi line. Brasch is a German name from Hamburg and the Braschis really originated from Germany. The Jesuit educated Pope Pius VI or Giovanni Angelo Braschi came from this family. Don Giovanni Angelo Theodoli-Braschi is the head of the family and the Duke of Nemi in Italy. Princess Costanza Theodoli-Braschi is another member of this family and she is a ruthless witch and the head of the Cult of Nemesis. Nemi comes from Lake Nemus and Nemus means wood and has been used to reference Hollywood. The Italian nobles are the top overseers of Hollywood. Nemi is also like the word nemesis. The Italian word for nemesis is nemesi. Satan is described as the adversary. The word Theo means god or deity. Doli derives from the Greek and Latin words dolus which means trickery. Theodoli means god of trickery and Nemi refers to adversary. The Theodoli family are currently intermarried with the Torlonia banking family of Rome with Princess Ines Theodoli Torlonia. The Torlonia family posted a threatening poem on their Wikipedia page which states; "The head of everything is God, the Lord of heaven. After Him comes Prince Torlonia, lord of the earth. Then comes Prince Torlonia's armed guards. Then comes Prince Torlonia's armed guards dogs. Then comes nothing at all. Then comes nothing at all. Then comes nothing at all. Then come the peasants. And that's all." Theo means god. The Theodoli family use a wheel on their coat of arms. The wheel represents cycles like repeated patterns. The Black Nobility are ancient bloodlines that use the same pattern for control and just adapt it through the generations. The Theodoli coat of arms is similar to the Roma Rota symbol of a wheel. Hans-Peter Fischer is the prelate auditor and head of the Roman Rota and he is from Germany like the Theodoli family which merged with the German Braschi family. The Roman Rota is the Apostolic Tribunal of the Vatican and highest ecclesiastical court which is what dictates gang stalking

operations and protects the pedophile cult of priests in the Roman Catholic Church.

The Theodoli family have a residence in London like most of the top families of the Italian Black Nobility. They work closely with the British Crown and British Peerage which do business at the City of London Corporation. They also own palaces in Rome and are still connected to the Vatican. The Theodoli family have another branch that bought the luxury yacht company Magnum Marine Corporation under Prince Filippo Theodoli and it is still owned by the Theodoli family today with Katrin Theodoli, and her children Lavinia Theodoli Spirito, Livia Theodoli-Wing, Francesco Theodoli and Giovanni Theodoli. Giovanni Theodoli manages GTMM branch of Magnum Marines which uses the Maltese cross for its logo. Lavinia Theodoli Spirito is a religious brainwasher as the teacher of Catholic Way Bible Study and she resides in Kentucky. Francesco Theodoli is a high level member of this family as president of Theodoli Marine Group and he operates out of Miami where Magnum Marine is headquartered. The Theodolis are owners of some Italian Mafia operations in Miami and Fort Lauderdale and they are involved in child trafficking and disposing of bodies in the ocean. The Italian hitman Chris Paciello who was convicted of murder now operates in Miami as an agent of the Theodolis and he owns bars, restaurants, and clubs and associates with celebrities. Paciello snitched on numerous members of the Italian Mafia and from what I hear they castrated him for it. Paciello still works with factions of Cosa Nostra. Paciello is friends with the gangster rapper Rick Ross who named himself after the drug trafficker Freeway Ricky Ross. The rapper Rick Ross is a boss of a Miami based crime organization involved in drug trafficking and works under Paciello. Chris Paciello later took his mother's maiden name Paciello rather than his father's German name Ludwigsen. Prince Alberto Theodoli of Sambuci was on the board of directors for the Bank of Rome which later merged with the Bank of the Holy Spirit, Capitalia, and finally Unicredit which has more than 18% of the shares in the Bank of Italy. The Bank of Italy was in contract with banks in Libya and more recently Italy's central bank put a freeze on Banca UBAE in Rome which was tied in with huge amounts of

Libyan assets. This appears to have been a long term plot to extort the Libyan gold owners. The Bank of Italy which is the privately owned central bank of Italy has been the third largest holder of gold.

https://en.wikipedia.org/wiki/Chris_Paciello

Chris Paciello (born Christian **Ludwigsen**,^[1] September 7, 1971) is an American former **Cosa Nostra associate**, member of The Untouchables car-theft ring, and **government informant** who was **convicted of murder**.^[2] During the 1990s, and again in 2012, he became a prominent night club owner in the South Beach section of Miami Beach, Florida.^[3]

Paciello had connections to the New York Cosa Nostra crime families.^[1] On Staten Island, Paciello joined the New Springville (LUSS) Boys, a gang with affiliations to the **Bonanno crime family**.^[5] In December 1992, **he participated in a \$300,000 bank robbery** at a Chemical Bank in the Staten Island Mall.^[7]

In February 1993, **Paciello was charged with murder.** He had planned a home invasion on Staten Island and **served as a driver.** Paciello had information that the target, Sami Shemtov, who owned several adult entertainment stores, kept large amounts of cash at his house. **An accomplice, Thomas Reynolds, who in 2004 was sentenced to 42 years in prison, shot Sami's wife, Judith, in the head, killing her,** when she answered her door.[8][9] In February 1994, **Paciello and his gang robbed a Westminster Bank in Bensonhurst, Brooklyn, stealing \$300,000.[5]**

Impressed by the new techno style nightclubs in New York, Paciello decided to open his own club in Miami Beach, Florida. Using money from the Westminster Bank robbery, **Paciello opened the nightclub, Risk, in the South Beach** section in November 1994. Unknown to his fellow gang members, Paciello had also started **providing information about them and their Cosa Nostra contacts to the Federal Bureau of Investigation (FBI).[5]**

In late November 1995, **Paciello opened a new nightclub, Club Liquid, in South Beach,** bringing in local celebrity Ingrid Casares as a partner. Liquid soon became a center of Miami's South Beach nightlife in the 1990s. **The singer Madonna, a friend of Casares, was a frequent guest.[10]**

In 1996, William Cutolo, a powerful leader of the Colombo crime family in New York, told Paciello that he needed to start paying tribute to him. However, the New York Gambino crime family was one of Paciello's early financial backers. In a Brooklyn meeting with acting Colombo boss Alphonse Persico and Gambino representatives, Paciello was allowed to choose affiliation with the Colombos.[5] Neither family was aware that **Paciello was still working for the FBI.[citation needed]**
